It looks great. How would you feel about changing the title to "WCSD Helps Update epa.gov to Reflect the Priorities of the New Administration"?

Draft:

WCSD web team implements Office of Public Affairs website changes - On Friday April 28, members of the Web Content Services Division carried out the directions of Office of Public Affairs to redirect some EPA public websites to new locations. Working with contractor staff, OEI redirected www.epa.gov/climatechange to a static page explaining “We are currently updating our website to reflect EPA's priorities under the leadership of President Trump and Administrator Pruitt. “ WCSD staff took other steps to clear the Climate Change website content quickly from the Akamai content delivery network so that OPA could issue their News Release

referencing the new information. In addition, WCSD staff redirected the Clean Power Plan and

Clean Power Plan Toolbox to the new Energy Independence site. WCSD staff also directed the EPA search team to remove some of affected URLs from EPA search results and fixed some issues with other redirects on www3.epa.gov.
